

Pathology

Teaching Hours:

	Lectures (Hours)	Small Group Learning (Tutorials / Seminars) / Intg. learning / Practical (Hours)	Self directed learning (Hours)	Total (Hours)
Phase II	80	138	12	230

Course Outcome:

(a) Competencies: The undergraduate must demonstrate:

1. Comprehension of the causes, evolution and mechanisms of diseases
2. Knowledge of alterations in gross and cellular morphology of organs in disease states
3. Ability to correlate the natural history, structural and functional changes with the clinical manifestations of diseases, their diagnosis and therapy

(b) Integration: The teaching should be aligned and integrated horizontally and vertically in organ systems recognising deviations from normal structure and function and clinically correlated so as to provide an overall understanding of the aetiology, mechanisms, laboratory diagnosis, and management of diseases.

Examination: At the end of Phase II:

Theory / Written	Theory Total	Practical	Practical Total	Internal Assessment
2 Papers of 100 marks each	200	100	100	100
Mandatory 50% marks separately in theory and practical (practical = practical + viva)			50% combined in theory & practical (not < 40% in each) for eligibility to appear in University Exams
