

GOKULAM
DERMA MINI UPDATES

BRUSHING UP THE GREY AREAS.....

Hello friends & colleagues

We, the organising committee of Gokulam Derma Mini Updates are here again with yet another interesting session to shape and sharpen your aesthetic practice. We are thrilled and proud to announce that renowned dermatosurgeon and great academician, Dr. David Pudukadan has agreed to share his practical tips on the use of LASERS in a session titled 'Optimising the use of LASERS: Pearls from my Practice' As patients are becoming more aware of these procedures through social media platforms and all, a basic knowledge and optimal use of LASERS would help you go a long way in your practice. We expect good participation and whole hearted support from the IADVL members across the state like previous times for the successful conduct of the program. Thank you and have a great day.

*Optimising the use of LASERS:
Pearls from my Practice*

Dr. David Pudukadan
Laser and Dermatosurgeon
