IR INCEPTION- LET'S PLANT AN IDEA

KERALA STATE CONFERENCE ON INTERVENTIONAL RADIOLOGY

 **APRIL 02, 2023 (SUNDAY)**

 **GOKULAM GRAND TURTLE ON THE BEACH
KOVALAM, TRIVANDRUM**

Dear colleagues,

Our idea for the conference sprouted from a simple but thought-provoking dialogue from the famous movie **INCEPTION**,

“An Idea Is Like A Virus. Resilient. Highly Contagious. And Even The Smallest Seed Of An Idea Can Grow. It Can Grow To Define You”.

Looking at the future potential of interventional radiology, the only thing that it needs is an idea, and then there is no stopping it. The theme for our conference is:

“IR Inception – Let’s Plant An Idea”

Nothing can replace the warmth of in-person interactions with stalwarts in the field of Diagnostic & Interventional Radiology. Combine that with the energy and enthusiasm of budding future of our field – the PGs and Fellows competing in Oral presentations, e-poster, interesting video/images and quiz – nothing short of an Extravaganza.

Thiruvananthapuram, the capital and the evergreen city of Kerala is a gracious city spread over seven hills. This is a city where time moves gracefully with the day unfolding according to relaxing rhythms of the Arabian sea which make it one of the best cities in the country. Holding fort in the heart of the capital is Sri Padmanabhaswamy Temple, which is dedicated to Lord Vishnu who reclines on the serpent Anantha, after whom the city is named.

Thiruvananthapuram awaits you for interesting and thought-provoking scientific sessions diligently curated by our team to ignite the fire of Diagnostic & Interventional Radiology. We solicit your esteemed presence and active participation throughout this academic feast to make it a grand success.

ABOUT GOKULAM GROUP

Sree Gokulam Medical College & Research Foundation, a brainchild of our beloved Chairman Sree Gokulam Gopalan, was established in the year 2004, receiving its first batch of 50 undergraduate students in the year 2005. Since then, the institution has grown expansively and currently admits 150 undergraduate medical students, more than 50 postgraduate and postdoctoral students in various specialities, more than a hundred students in undergraduate and postgraduate nursing courses and more than 50 students in various para-clinical courses every year. The medical college is affiliated to Kerala University of Health Sciences and is aligned with the regulatory body National Medical Council.
