Presents

GYNECON 2022

On

14

AUGUST

2022

Sepsis -
The Near
Miss

Venue : Lecture Theatre
Sree Gokulam Medical College
and Research Foundation

Team OBG, Sree Gokulam Medical College and Research Foundation is happy to invite you for our CME 'GYNECON 2022'. During the days of pandemic, it was the academic interactions and online programs that helped to keep us updated. After a gap of 2 years we are all set to conduct a CME on "Sepsis - The Near Miss". In the monthly Maternal Death and Near Miss Audits, we have observed that sepsis contributes a major share to maternal morbidity and mortality. In this context, it becomes absolutely essential for the practising Obstetricians and Gynecologists to be well aware and updated on the diagnosis and management of Sepsis. GYNECON 2022 is intended to throw light on these aspects through deliberations by the esteemed Faculty. In addition, the Post graduates get a platform for paper and poster presentation along with the CME. We also have an interesting quiz planned for all delegates.

Please join us for this academic extravaganza.

Patrons

- ✦ **Shri. Gokulam Gopalan**
(Chairman, Sree Gokulam Group of Companies)
