2023

Suicide & The Workplace

Creating *Hope* Through *Action*

Sree Gokulam Medical College

Observance of World Suicide Prevention Day-2023

On 11.9.2023

At 1.00 pm- 2.00 pm
Venue: Lecture Theatre

STATISTICS

Suicide prevention is a global challenge. Suicide ranks consistently among the top 20 causes of death globally across all age groups. One in every 100 deaths worldwide is the result of suicide. It can affect every one of us.

The global suicide rate is over twice as high among men than women.

Over half (58%) of all deaths by suicide occur before the age of 50 years old.
