International Electives Program

Statement of Purpose

The policy states the purpose, criteria and procedure for participating in international electives program.

Policy

The International Electives Program is an initiative of the institution to provide opportunities for the students to have an exposure to the global healthcare system. The experience shall widen their horizon of clinical experience and provide a platform for exchange of ideas.

Procedure for the students interested in the International electives:

- Applying for the international electives program is entirely voluntary.
- The students shall enrol their names with the office of International Electives Program during their eighth semester or before.
- The students shall finish the final phase of examinations before proceeding for the international elective program.
- During their eighth semester, the students shall apply for the electives in the identified institutions or any other institution of their choice, with which the institution has established contact.
- The application process shall be completed before the end of eighth semester.
- If accepted by the identified international institution, the student shall submit to the office of International Electives Program an undertaking from the parent regarding permission and their willingness to bear the expenses.
- The student shall complete the visa process, travel insurance and other formalities during the ninth semester.
- The missed period of internship shall be completed by the student before obtaining the completion of internship certificate.

Functions of the office of the International Electives Program:

Sree Gokulam Medical College & Research Foundation
