

# ClinicoMicrocon 2019

**Department:** Microbiology

**Category:** CME

**Date:** November 2nd 2019

**Venue:** Lecture Theatre

**Report:** This one-day grand event focused on the problem of healthcare associated infections (HAIs). HAIs weigh heavily both on the patients and the institution in terms of morbidity, mortality, monetary losses, emergence and transmission of drug resistance, etc. The entire healthcare system needs to work as a team to overcome this problem. The day also featured honouring Prof. Bhargavi, e-poster presentations for UGs and PGs and prize distribution.

**Number of Delegates:** 170
