### Foreword

Sree Gokulam Medical College & Research Foundation is the culmination of my dreams to establish an institution that emerges as a centre of excellence in medical education, healthcare and meaningful medical research. Sree Gokulam Medical College and Research foundation aims to be recognised for its benchmark academic excellence, research productivity and for producing globally competent medical practitioners. This annual report showcases the milestones achieved this year. I congratulate all the achievers and contributors and wish you all the very best in all your future endeavours.

**Dr K K Manojan**  
Vice - Chairman

## Foreword

Since its inception, Sree Gokulam Medical College & Research Foundation has had the vision of providing affordable quality healthcare to all, training and delivering competent doctors to society, and promoting significant medical research. I am ecstatic to see our visions being materialized consistently over the past two decades. The sheer volume of competent medical practitioners, specialists, nurses, and paramedics forged, the research publications generated, patients' testimonials about the quality of service they received, and the state-of-the-art super specialty services speak volumes about our current position and how far we have come. The regular outreach activities and maintaining the Geriatric and Palliative Care Unit help us fulfil our social commitment with ease. Our students' curricular and extracurricular achievements have put us among the finest in South India time and time again. As we evolved, we adopted 'excellence' as our motto and these efforts will be distinguishable in the upcoming National Accreditation Board for Testing and Calibration Laboratories (NABL), National Accreditation Board for Hospitals & Healthcare Providers (NABH), and National Assessment & Accreditation Council (NAAC) assessments. The tenacious leadership of Dr C Chandramohan P (Dean Emeritus), Dr Lalitha Kailas (Principal), and the diligence of doctors, students, and associated staff members made this possible. I wish to make use of this opportunity to express my sincere gratitude to every one of you and to remind you that 'I am because we are'.

**Dr P Chandramohan**  
**Dean Emeritus**

### **Foreword**

Sree Gokulam Medical College is now on its way to celebrate the vicennial in 2025. By this time, SGMC has shown a phenomenal growth in different aspects of a health professional educational institution. The annual report of this institution shall be seen as one of the most valid documents that reflects the extent of dynamic and creative activities that took place in the institution during the year. The report rightly reflects the performance of curricular responsibilities assigned to the subject wise and institutional curricular committees; teaching-learning processes especially the innovative methods implemented like collaborative teaching and learning, problem based learning, self-directed learning, online teaching and learning etc.

According to the report, the concept of evaluation has also radically changed from mere testing of memory to objective assessment of knowledge and skills acquired. Accordingly evaluation is done through formative evaluation, summative evaluation, work place based evaluation etc. which are being implemented successfully in Sree Gokulam Medical College. Apart from curricular activities the report reveals that a lot of importance is given to cocurricular, extracurricular and extension activities as well.

The new introduction of family adoption programme will certainly improve the attitude and social commitment from the part of emerging generation of healthcare professionals. Other than the conventional learning resources like library, labs, museums, hospital, etc, the new learning resources especially online learning resources are also being introduced in a systematic manner. On the whole the annual report has been prepared in a laudable way and gives a comprehensive and realistic picture of various activities of the prestigious Sree Gokulam Medical College of Venjaramoodu, Trivandrum.

**Dr Lalitha Kailas**  
**Principal**

## Foreword

I am enraptured by delivering the Annual Report of Sree Gokulam Medical College and Research Foundation of 2023. Our institution was built on the vision and perspiration of the philanthropic entrepreneur, Shri. Gokulam Gopalan. Over the years of consistent daily improvements, our institution currently stands tall among medical colleges in South India and has attained the position of being one of the favourite choices among young medical aspirants. We currently train and mould 150 undergraduates and 68 postgraduates annually, and we have schooled over a thousand graduates and three hundred and fifty post-graduates. We embarked on this journey with the vision of providing 'eminence in Medical Education, affordable healthcare, and provide quality research to the medical fraternity'. In due course, we began our aggressive expansion, and this stemmed the Super specialty wing with state-of-the-art diagnostic and therapeutic modalities. Location in a rural area was never a hindrance to our motto 'affordable healthcare to all', thanks to the proactive management in delivering the contemporary healthcare infrastructure. Our mission is to train aspiring medical and paramedical professionals to excel professionally and develop a sense of ethics and compassion. This mission could not have been possible without the determination, dedication, and perseverance of the management and faculty. Our esteemed Chairman Shri Gokulam Gopalan has ensured the welfare of the poor and downtrodden elders of the nearby areas by unlocking a hundred-bed geriatric and palliative care ward where nursing care, palliative care, food, and medication are free of cost. We were also able to establish an eight-bed closed state-of-the-art critical care unit under Critical Care Medicine, located in the super specialty ICU complex. Our commitment to providing exemplary medical education was rewarded by our students this year with Kerala University of Health Sciences ranks and the best research papers. We were also able to conduct Continuing Medical Education events in various disciplines this year.

Our focus for the year ahead is to further improve teaching and patient care. In the coming year, we are expecting a Peer Team visit from the National Assessment and Accreditation Council (NAAC), assessors from the National Accreditation Board for Hospitals & Healthcare Providers (NABH), and the National Accreditation Board for Testing and Calibration Laboratories (NABL). These could not have been achievable without the wholehearted effort, commitment, and sincerity of all the staff members. It is indeed a pleasure to watch our legacy of 18 years outgrow every year with the same motto we began the journey with 'holistic care with compassion'. This has been made possible with the guidance and support of our Honourable Chairman Shri Gokulam Gopalan, Vice Chairman Dr K K Manojan, Dean Dr Chandramohan P, faculty, postgraduates, and students. I would like to express my heartfelt gratitude to every staff member for the outstanding display of teamwork, coordination & cooperation in every activity on and off the campus. I am very optimistic that this attitude and enthusiasm will prevail and our family will help us reach the heights we are meant to be at.

**Dr Rajamma K B**  
**Medical Superintendent**

## Foreword

It is a privilege to be serving in this esteemed institution which is growing from strength to strength with each passing year. This Annual Report is the tip of iceberg of our achievements and other data. Our visionary Chairman Sri Gokulam Gopalan has laid the foundation for the selfless service to the community and our medical college and hospital follows his vision under the able guidance of Vice Chairman Dr K K Manojan. It is indeed a pride moment to publish this Annual Report. It mirrors our contribution in academics, healthcare, research activities and to the community. I congratulate all the achievers who have made it to this official document.

## Department-wise Report

### I. Name of the Department: Anaesthesiology

Head of the Department: Dr R S Ushadevi

Professors: Dr Venugopalan P G  
Dr Madhu V  
Dr Sugandha K R  
Dr Reshma Sugathan

Associate Professors Dr Suresh Babu R  
Dr Sonia M Lal

Assistant Professors: Dr Sivakumar R Pillai  
Dr Sonia M Lal  
Dr Rithwik K Rajeev  
Dr Yedudev S B  
Dr Amal S Prasad  
Dr Kiran Rajagopal  
Dr Parvathy Vijay  
Dr Pooja Nair

Senior Residents: Dr Venu S  
Dr Athira S Madhu  
Dr Hasna Ibrahim  
Dr Alona Mary George  
Dr Siji K Sasi  
Dr Sonu Sabu  
Dr Nishana S  
Dr Sidharth B Venu  
Dr Anu Sreenivas  
Dr Niranjana P S

## Ongoing Research Projects:

1. Comparison Between Non-Channelled King-vision Video-laryngoscope and Macintosh Direct Laryngoscope for Nasotracheal Intubation -An Observational Study
2. Perfusion Index As An Objective Measure Of Analgesia In Laparoscopic Surgeries Under General Anaesthesia-An Observational Study
3. Comparison Between Effects of Lignocaine And K-Y Jellies On Sore Throat, Cough And Hoarseness Following Endotracheal Intubation During General Anaesthesia - An Observational Study
4. Increase In Perfusion Index As An Indicator Of Successful Ultrasound Guided Interscalene Brachial Plexus Block- An Observational Study
5. Comparing Efficacy Of Modified Thenar Eminence Technique With Conventional Thenar Eminence Technique Of Mask Ventilation During Induction Of General Anaesthesia -An Observational Study
6. Effects Of Nebulised Dexmedetomidine Vs Nebulised 4%Lignocaine In Blunting Hemodynamic Stress Response To Intubation - An Observational Study

## Completed Projects:

1. Effect of neuromuscular blockade on changes in tidal volume during face mask ventilation in patients Undergoing general anaesthesia - An observational study.
2. Comparison of two types of mask holding EO and EC clamp techniques during face mask ventilation In anaesthetised and paralysed patients
3. Comparative study between effect of bupivacaine versus addition of morphine to bupivacaine on postoperative analgesia In ultrasound guided transversus abdominis plane block in patients undergoing Unilateral inguinal hernia repair.
4. Comparison of prophylactic intravenous ephedrine and crystalloid preloading for prevention of hypotension Induced by Subarachnoid block in patients undergoing inguinal hernia surgery.
5. A prospective evaluation of the distance from skin to hyoid bone using ultrasound for the prediction of Difficult laryngoscopy and comparison with modified Mallam Pati score.
6. The effect of height and weight adjusted dose versus fixed dose of intrathecal hyperbaric bupivacaine for Elective caesarean section, A comparative study.

## Publications:

1. USG guided sifib to intravenous fentanyl in facilitating positioning of patients with acetabular fracture for neurayial clocks. Total opioid consumption
2. Ultrasound guided supra-inguinal fascia ilaca block in acetabular fracture surgery. A randomised controlled pilot study.
3. Perfusion Index as A Predictor of Hypotension following induction of General Anaesthesia with Propofol - An Observational Study.
4. A Comparison of Femoropopliteal Block versus Spinal Anaesthesia for Malleolar Surgeries
5. Comparison Between Hydrocortisone and Dexamethasone Given Intraperitoneally for Postoperative Pain Relief in Patients After Laparoscopic Hysterectomy - an Observational Study
6. Comparison of epidural levo bupivacaine (0.5%) with racemic bupivacaine (0.5%) for lower abdominal surgery. International Journal of Contemporary Medical Research.
7. Peng block in geriatric hip arthroplasty

## FUNCTIONS OF HICC

1. To ensure the implementation of policies and protocols related to hospital infection control practices approved by the committee by mutual consensus.
2. To conduct surveillance, monitor, track and devise corrective and preventive actions for all the hospital acquired infections.
3. To develop strategies for identification of outbreaks and implement corrective and preventive actions to prevent their further recurrence.
4. To develop yearly antibiogram, antibiotic policy, conduct antibiotic audits, monitor trends of multi drug resistant organisms and recommend remedial measures to prevent the spread of drug resistant nosocomial pathogens through Antimicrobial Stewardship Program (AMSP).
5. To monitor staff health by ensuring needle stick injury prevention, immunization as per institutional policy and promoting safe work practices in all the areas of the hospital including laboratory.
6. To review the incidents and risks associated with construction activities, new technologies, devices, or products, prior to their approval for use in the hospital.
7. To revise the hospital infection manual annually (and as and when necessary) to keep abreast with the prevalence rates of nosocomial infections.
8. To educate the health care workers (including induction training and periodic training) regarding the safe workplace infection control practices.
9. To conduct environmental surveillance, through the community health care team, in and around hospital premises and monitor the implementation of their recommendations in the designated health care locations.
10. To communicate and coordinate with other hospital departments with common interests- such as Central Sterile Supplies Department (CSSD), Housekeeping, linen and laundry departments, pharmacy, antimicrobial stewardship committee and biomedical waste management.
11. Infection Control Officer shall devise the agenda of the monthly meetings and shall communicate the same with all the other members to ensure smooth conduct of the functioning of the committee.

## Establishment of Critical Care Unit

Department of Critical Care Medicine and Critical Care Unit Sree Gokulam Medical College was inaugurated in June 2023. Critical care medicine is a super specialty which deals with the treatment of patients with life threatening conditions. Such patients are managed in a sophisticated and technologically advanced critical care unit. Critical care unit is manned by critical care physicians also known as intensivists, who are experts in managing such life threatening conditions. Such life threatening conditions include sepsis, ARDS, pneumonia, pulmonary oedema, heart failure multiorgan dysfunction, shock due to any aetiology, poisoning, polytrauma ,pregnancy related complications, etc.

Critical care unit in Sree Gokulam Medical College is an eight bedded closed unit, located in the super specialty ICU complex located in the 3<sup>rd</sup> floor. Each bed has an advanced multichannel monitor. Ventilators and other equipment with most advanced modes and specifications are used in the unit. Ultrasonography, ECHO and bronchoscopy facilities are available at the bedside. Critical care department extends its services to other ICUs also. Department assures 24\*7 intensivist coverage. To assist them, one junior resident doctor will be there in the floor round the clock. This facilitates timely treatment and continuous monitoring of unit occupants. The critical care team includes ICU trained nurses, patient counsellor, respiratory therapists, dietician, physiotherapists, clinical pharmacists and infection control team. Nursing care is provided by highly competent nurse providers who are BLS and ACLS certified. 1:1 nursing care is provided to all critical patients.

Critical care unit boasts of humanized care. Our motto is holistic care with compassion. We encourage the presence and participation of relatives in patient care. Critical care team provides emotional and psychological support for the family also.

Our team thus provides the highest level of care, for both the patients and relatives, throughout the time of difficulty.
