## Shri Gokulam Gopalan Chairman

### Foreword

Sree Gokulam Medical College & Research Foundation is the culmination of my dreams to establish an institution that emerges as a centre of excellence in medical education, healthcare and meaningful medical research. Sree Gokulam Medical College and Research foundation aims to be recognised for its benchmark academic excellence, research productivity and for producing globally competent medical practitioners. This annual report showcases the milestones achieved this year. I congratulate all the achievers and contributors and wish you all the very best in all your future endeavours.

**Dr K K Manojan**  
Vice - Chairman

### Foreword

Since its inception, Sree Gokulam Medical College & Research Foundation has had the vision of providing affordable quality healthcare to all, training and delivering competent doctors to society, and promoting significant medical research. I am ecstatic to see our visions being materialized consistently over the past two decades. The sheer volume of competent medical practitioners, specialists, nurses, and paramedics forged, the research publications generated, patients' testimonials about the quality of service they received, and the state-of-the-art super specialty services speak volumes about our current position and how far we have come. The regular outreach activities and maintaining the Geriatric and Palliative Care Unit help us fulfil our social commitment with ease. Our students' curricular and extracurricular achievements have put us among the finest in South India time and time again. As we evolved, we adopted 'excellence' as our motto and these efforts will be distinguishable in the upcoming National Accreditation Board for Testing and Calibration Laboratories (NABL), National Accreditation Board for Hospitals & Healthcare Providers (NABH), and National Assessment & Accreditation Council (NAAC) assessments. The tenacious leadership of Dr C Chandramohan P (Dean Emeritus), Dr Lalitha Kailas (Principal), and the diligence of doctors, students, and associated staff members made this possible. I wish to make use of this opportunity to express my sincere gratitude to every one of you and to remind you that 'I am because we are'.

**Dr P Chandramohan**  
**Dean Emeritus**

### **Foreword**

Sree Gokulam Medical College is now on its way to celebrate the vicennial in 2025. By this time, SGMC has shown a phenomenal growth in different aspects of a health professional educational institution. The annual report of this institution shall be seen as one of the most valid documents that reflects the extent of dynamic and creative activities that took place in the institution during the year. The report rightly reflects the performance of curricular responsibilities assigned to the subject wise and institutional curricular committees; teaching-learning processes especially the innovative methods implemented like collaborative teaching and learning, problem based learning, self-directed learning, online teaching and learning etc.

According to the report, the concept of evaluation has also radically changed from mere testing of memory to objective assessment of knowledge and skills acquired. Accordingly evaluation is done through formative evaluation, summative evaluation, work place based evaluation etc. which are being implemented successfully in Sree Gokulam Medical College. Apart from curricular activities the report reveals that a lot of importance is given to cocurricular, extracurricular and extension activities as well.

The new introduction of family adoption programme will certainly improve the attitude and social commitment from the part of emerging generation of healthcare professionals. Other than the conventional learning resources like library, labs, museums, hospital, etc, the new learning resources especially online learning resources are also being introduced in a systematic manner. On the whole the annual report has been prepared in a laudable way and gives a comprehensive and realistic picture of various activities of the prestigious Sree Gokulam Medical College of Venjaramoodu, Trivandrum.

**Dr Lalitha Kailas**  
**Principal**

## Foreword

I am enraptured by delivering the Annual Report of Sree Gokulam Medical College and Research Foundation of 2023. Our institution was built on the vision and perspiration of the philanthropic entrepreneur, Shri. Gokulam Gopalan. Over the years of consistent daily improvements, our institution currently stands tall among medical colleges in South India and has attained the position of being one of the favourite choices among young medical aspirants. We currently train and mould 150 undergraduates and 68 postgraduates annually, and we have schooled over a thousand graduates and three hundred and fifty post-graduates. We embarked on this journey with the vision of providing 'eminence in Medical Education, affordable healthcare, and provide quality research to the medical fraternity'. In due course, we began our aggressive expansion, and this stemmed the Super specialty wing with state-of-the-art diagnostic and therapeutic modalities. Location in a rural area was never a hindrance to our motto 'affordable healthcare to all', thanks to the proactive management in delivering the contemporary healthcare infrastructure. Our mission is to train aspiring medical and paramedical professionals to excel professionally and develop a sense of ethics and compassion. This mission could not have been possible without the determination, dedication, and perseverance of the management and faculty. Our esteemed Chairman Shri Gokulam Gopalan has ensured the welfare of the poor and downtrodden elders of the nearby areas by unlocking a hundred-bed geriatric and palliative care ward where nursing care, palliative care, food, and medication are free of cost. We were also able to establish an eight-bed closed state-of-the-art critical care unit under Critical Care Medicine, located in the super specialty ICU complex. Our commitment to providing exemplary medical education was rewarded by our students this year with Kerala University of Health Sciences ranks and the best research papers. We were also able to conduct Continuing Medical Education events in various disciplines this year.

Our focus for the year ahead is to further improve teaching and patient care. In the coming year, we are expecting a Peer Team visit from the National Assessment and Accreditation Council (NAAC), assessors from the National Accreditation Board for Hospitals & Healthcare Providers (NABH), and the National Accreditation Board for Testing and Calibration Laboratories (NABL). These could not have been achievable without the wholehearted effort, commitment, and sincerity of all the staff members. It is indeed a pleasure to watch our legacy of 18 years outgrow every year with the same motto we began the journey with 'holistic care with compassion'. This has been made possible with the guidance and support of our Honourable Chairman Shri Gokulam Gopalan, Vice Chairman Dr K K Manojan, Dean Dr Chandramohan P, faculty, postgraduates, and students. I would like to express my heartfelt gratitude to every staff member for the outstanding display of teamwork, coordination & cooperation in every activity on and off the campus. I am very optimistic that this attitude and enthusiasm will prevail and our family will help us reach the heights we are meant to be at.

**Dr Rajamma K B**  
**Medical Superintendent**

## Foreword

It is a privilege to be serving in this esteemed institution which is growing from strength to strength with each passing year. This Annual Report is the tip of iceberg of our achievements and other data. Our visionary Chairman Sri Gokulam Gopalan has laid the foundation for the selfless service to the community and our medical college and hospital follows his vision under the able guidance of Vice Chairman Dr K K Manojan. It is indeed a pride moment to publish this Annual Report. It mirrors our contribution in academics, healthcare, research activities and to the community. I congratulate all the achievers who have made it to this official document.
