Shri Gokulam Gopalan
Chairman

Foreword

Sree Gokulam Medical College & Research Foundation is the culmination of my dreams to establish an institution that emerges as a centre of excellence in medical education, healthcare and meaningful medical research. Sree Gokulam Medical College and Research foundation aims to be recognised for its benchmark academic excellence, research productivity and for producing globally competent medical practitioners. This annual report showcases the milestones achieved this year. I congratulate all the achievers and contributors and wish you all the very best in all your future endeavours.

Dr K K Manojan
Vice - Chairman

Foreword

Since its inception, Sree Gokulam Medical College & Research Foundation has had the vision of providing affordable quality healthcare to all, training and delivering competent doctors to society, and promoting significant medical research. I am ecstatic to see our visions being materialized consistently over the past two decades. The sheer volume of competent medical practitioners, specialists, nurses, and paramedics forged, the research publications generated, patients' testimonials about the quality of service they received, and the state-of-the-art super specialty services speak volumes about our current position and how far we have come. The regular outreach activities and maintaining the Geriatric and Palliative Care Unit help us fulfil our social commitment with ease. Our students' curricular and extracurricular achievements have put us among the finest in South India time and time again. As we evolved, we adopted 'excellence' as our motto and these efforts will be distinguishable in the upcoming National Accreditation Board for Testing and Calibration Laboratories (NABL), National Accreditation Board for Hospitals & Healthcare Providers (NABH), and National Assessment & Accreditation Council (NAAC) assessments. The tenacious leadership of Dr C Chandramohan P (Dean Emeritus), Dr Lalitha Kailas (Principal), and the diligence of doctors, students, and associated staff members made this possible. I wish to make use of this opportunity to express my sincere gratitude to every one of you and to remind you that 'I am because we are'.

Dr P Chandramohan
Dean Emeritus

Foreword

Sree Gokulam Medical College is now on its way to celebrate the vicennial in 2025. By this time, SGMC has shown a phenomenal growth in different aspects of a health professional educational institution. The annual report of this institution shall be seen as one of the most valid documents that reflects the extent of dynamic and creative activities that took place in the institution during the year. The report rightly reflects the performance of curricular responsibilities assigned to the subject wise and institutional curricular committees; teaching-learning processes especially the innovative methods implemented like collaborative teaching and learning, problem based learning, self-directed learning, online teaching and learning etc.

According to the report, the concept of evaluation has also radically changed from mere testing of memory to objective assessment of knowledge and skills acquired. Accordingly evaluation is done through formative evaluation, summative evaluation, work place based evaluation etc. which are being implemented successfully in Sree Gokulam Medical College. Apart from curricular activities the report reveals that a lot of importance is given to cocurricular, extracurricular and extension activities as well.

The new introduction of family adoption programme will certainly improve the attitude and social commitment from the part of emerging generation of healthcare professionals. Other than the conventional learning resources like library, labs, museums, hospital, etc, the new learning resources especially online learning resources are also being introduced in a systematic manner. On the whole the annual report has been prepared in a laudable way and gives a comprehensive and realistic picture of various activities of the prestigious Sree Gokulam Medical College of Venjaramoodu, Trivandrum.

Dr Lalitha Kailas Outgoing Principal & Current Associate Dean

Foreword

I am enraptured by delivering the Annual Report of Sree Gokulam Medical College and Research Foundation of 2023. Our institution was built on the vision and perspiration of the philanthropic entrepreneur, Shri. Gokulam Gopalan. Over the years of consistent daily improvements, our institution currently stands tall among medical colleges in South India and has attained the position of being one of the favourite choices among young medical aspirants. We currently train and mould 150 undergraduates and 68 postgraduates annually, and we have schooled over a thousand graduates and three hundred and fifty post-graduates. We embarked on this journey with the vision of providing 'eminence in Medical Education, affordable healthcare, and provide quality research to the medical fraternity'. In due course, we began our aggressive expansion, and this stemmed the Super specialty wing with state-of-the-art diagnostic and therapeutic modalities. Location in a rural area was never a hindrance to our motto 'affordable healthcare to all', thanks to the proactive management in delivering the contemporary healthcare infrastructure. Our mission is to train aspiring medical and paramedical professionals to excel professionally and develop a sense of ethics and compassion. This mission could not have been possible without the determination, dedication, and perseverance of the management and faculty. Our esteemed Chairman Shri Gokulam Gopalan has ensured the welfare of the poor and downtrodden elders of the nearby areas by unlocking a hundred-bed geriatric and palliative care ward where nursing care, palliative care, food, and medication are free of cost. We were also able to establish an eight-bed closed state-of-the-art critical care unit under Critical Care Medicine, located in the super specialty ICU complex. Our commitment to providing exemplary medical education was rewarded by our students this year with Kerala University of Health Sciences ranks and the best research papers. We were also able to conduct Continuing Medical Education events in various disciplines this year.

Our focus for the year ahead is to further improve teaching and patient care. In the coming year, we are expecting a Peer Team visit from the National Assessment and Accreditation Council (NAAC), assessors from the National Accreditation Board for Hospitals & Healthcare Providers (NABH), and the National Accreditation Board for Testing and Calibration Laboratories (NABL). These could not have been achievable without the wholehearted effort, commitment, and sincerity of all the staff members. It is indeed a pleasure to watch our legacy of 18 years outgrow every year with the same motto we began the journey with 'holistic care with compassion'. This has been made possible with the guidance and support of our Honourable Chairman Shri Gokulam Gopalan, Vice Chairman Dr K K Manojan, Dean Dr Chandramohan P, faculty, postgraduates, and students. I would like to express my heartfelt gratitude to every staff member for the outstanding display of teamwork, coordination & cooperation in every activity on and off the campus. I am very optimistic that this attitude and enthusiasm will prevail and our family will help us reach the heights we are meant to be at.

Dr Nandini V R
Principal

Foreword

I feel privileged to deliver the 'Annual Report of Sree Gokulam Medical College & Research Foundation - 2024'. With this report I intend to provide a comprehensive overview of our institution's astounding progress and accomplishments in the past year. Over the past two decades we have arisen as a beacon of excellence in healthcare education, ingenious medical research and with our warm accessible patient care. This was the vision of the self- founded philanthropic entrepreneur Shri. Gokulam Gopalan while laying the foundations of our institution. Currently, we stand tall among the esteemed institutions in South India attracting young minds pan India owing to our consistent grit, resolve and hunger for continuous growth. The legion of our alumnus has a strength of over one thousand undergraduates and over four hundred postgraduates scattered across the globe providing exemplary services towards 'making the world a better place'. Currently, we are in the process of moulding, nurturing and training 750 undergraduate and 163 postgraduate minds. Our modus operandi also encompass expansion which has culminated in the futuristic Super Speciality wing with new inclusions in fields of Spine Surgery, Rheumatology and Reproductive Medicine. The recently unfurled 'Labour Suites' with the view of

'Compassionate care in childbirth' reiterates our motto 'Love and Care to Humanity'.

The preceding year we were deemed deserving of national standards of quality by the National Accreditation Board for Hospitals & Healthcare Providers (NABH), and the National Accreditation Board for Testing & Calibration Laboratories (NABL). Our commitment to exemplary medical education attained fruition with securing the 'summa cum laude' title of the Kerala University of Health Sciences first year undergraduate examinations. Our dedication

towards professional development and lifelong learning paved way for numerous Continuing Medical Education events across various disciplines. The sheer volume and quality of the research publications generated by our Institution is a testament to our fidelity towards medical research. As we look forward to the National Assessment and Accreditation Council (NAAC) evaluation to further solidify our reputation as a centre of medical excellence it is imperative to give credit where credit is due. The staunch leadership of our Honourable Chairman, Shri. Gokulam Gopalan, our Vice Chairman, Dr. K K Manojan, our Dean, Dr. Chandramohan P, and the tough grind of our faculty, postgraduates, students and all the staff members has elevated us to the position we are in now, and I am grateful for their contributions.

As I undertake the position of an office bearer of the Institution, I would like to say, 'The woods are lovely, dark and deep, But I have promises to keep, and miles to go before I sleep, and miles to go before I sleep'. While words hold power, I believe that decisive actions will drive us forward. With further infrastructure development, recruitment of finest in every field and fostering a culture of innovation and excellence, we will continue to move forward to heights that are unattainable.

Dr Krisha G
Medical Superintendent

Foreword

Our visionary Chairman Sri Gokulam Gopalan has laid the foundation for the medical college and hospital. His vision for service to the community is fostered in the institution under the able guidance of Vice Chairman Dr K K Manojan. Each year, the college brings out the Annual Report that records the contribution of our students and faculty in academics, healthcare, research, sports, arts and to the community. I congratulate all the achievers.
